Onyiriuka Justin Ifeanyi

Front-End Developer | React Specialist | Back-End Developer
justinedoc.vercel.app | justinifeanyi56@gmail.com | +2347049460846

Professional Summary

Front-end developer with over three years of experience building web applications using Typescript and React. Skilled at creating clear, maintainable interfaces, implementing secure login flows and managing state in the browser. Consistently delivers reliable, fast-loading pages that work the same across devices and browsers.

Core Skills

Front-End

- React, Nextjs

- JavaScript, Typescript

- HTML5, CSS3, Tailwind CSS

Back-End & Data

- Node, Deno, Express.js, Firebase, Mongoose, Hono, TRPC

- Python scripting

Tools & Workflow

- Git, GitHub, Vercel, Render

- React Router, Redux-Persist, React-Toastify, Tanstack Query, Tanstack Form, Tanstack Router

APIs & Integrations

- Firebase Authentication

- Session based Authentication
- Cookie based Authentication

- YouTube Data API

- Third-party vendor APIs

Additional

- Performance tuning (image optimization, code splitting)

- Responsive layouts (mobile, tablet, desktop)

- Keyboard-friendly navigation and basic accessibility

Professional Experience

Freelance React Developer
July 2023 – Present

- Developed **Tube.snap**, a React application for downloading YouTube videos, with progress indicators and mobile-friendly controls.

- Built a multi-step vendor sign-up form using React, Redux and toast notifications; reduced form errors by 30%.

- Created a reusable PIN-entry component and delivery-info form (address, zip, state, city, phone).

- Integrated Firebase Authentication and Google Maps API for secure login and address lookup.

- Implemented Redux-Persist to keep users logged in across browser sessions.

JavaScript Instructor (Self-Employed)
Ongoing

- Teach foundational and advanced JavaScript and React concepts to small groups.

- Guide learners through hands-on projects: CSS preloader, tab navigation, protected routes.

- Provide one-on-one code reviews and debugging support.

Senior Front-End Developer, Yumdash
Oct 2024 – Present

- Translated design mockups into responsive React components for user onboarding flows.

- Configured authentication-aware routing so users land on the correct dashboard after login.

- Recommended and implemented UI adjustments that improved navigation clarity.

Selected Projects

Portfolio Website
React + Tailwind CSS — live updates via JSON-driven project listings.

Image Search App
Responsive search tool with infinite scroll; styled with Tailwindcss.

Link Shortener
SaaS with per-user analytics and QR code generation.

Lincky
Enhanced data model for daily link statistics; integrated Stripe and Paystack payments.

Education

B.Sc. in Computer Technology
Federal University of Technology Owerri, 2028/29

Certifications

- Advanced React Development — Udemy, 2024

- Tailwind CSS Professional — Udemy, 2025

Personal Attributes

- Detail-focused: writes clear, well-documented code

- Reliable collaborator: communicates clearly with teammates

- User-centered: ensures interfaces are intuitive and accessible
